

# Agile Working

Connecting People and  
Tasks to Spaces

Agile Working is about bringing people, processes and technology together. It enables working within guidelines without being constrained by its physical boundaries.

Here, at Dimensions Office, we believe that workspaces should be transformative in nature, to keep up with the changing nature of work.

## Sunon D-Series: "Colourful Bench"

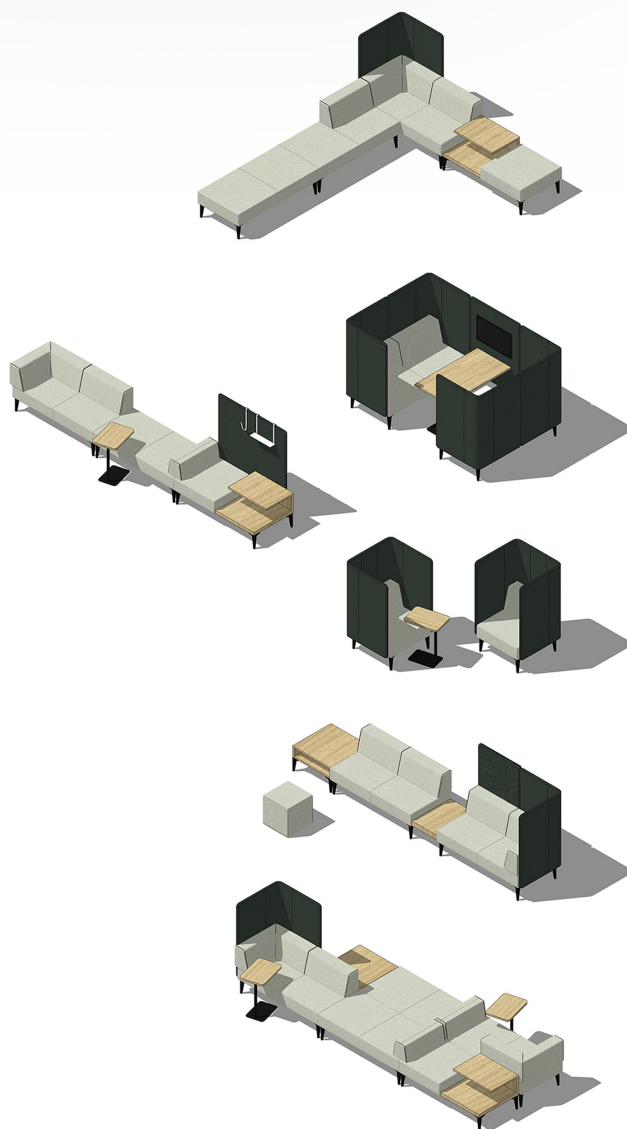

Mobile and adaptable elements such as these benches allow spatial reconfiguration in an easy, quick and comfortable manner.

Endless  
**Possibilities**  
to suit your style  
of work.

A series of modular  
seating allowing various  
formations as per the  
need of an environment.  
Jigsau comes in different  
forms and pieces, which  
can then be joined  
together to create your  
desired structure.

## Jigsau Series

## Sunon D- Series: "Quiet Island"

The high screened backrest offers you comfortable support, while ensuring privacy. The unique U-shaped section offers holistic mental and physical comfort.

# Flexible Working

With their unique, stackable, space-saving properties, Mobby Chair and Foldable Training Desk duo add to the flexibility of any space. Meanwhile, Height Adjustable Desk offers ergonomic support, boosting productivity.

Modular and transformable arrangements that change form easily and organically with the passage of day and the varying needs of its user(s).

Isometric View 1

Corporate office environments can become more flexible and functional with our **Weev** partition and **Chip** chair classic combination.

**Weev**

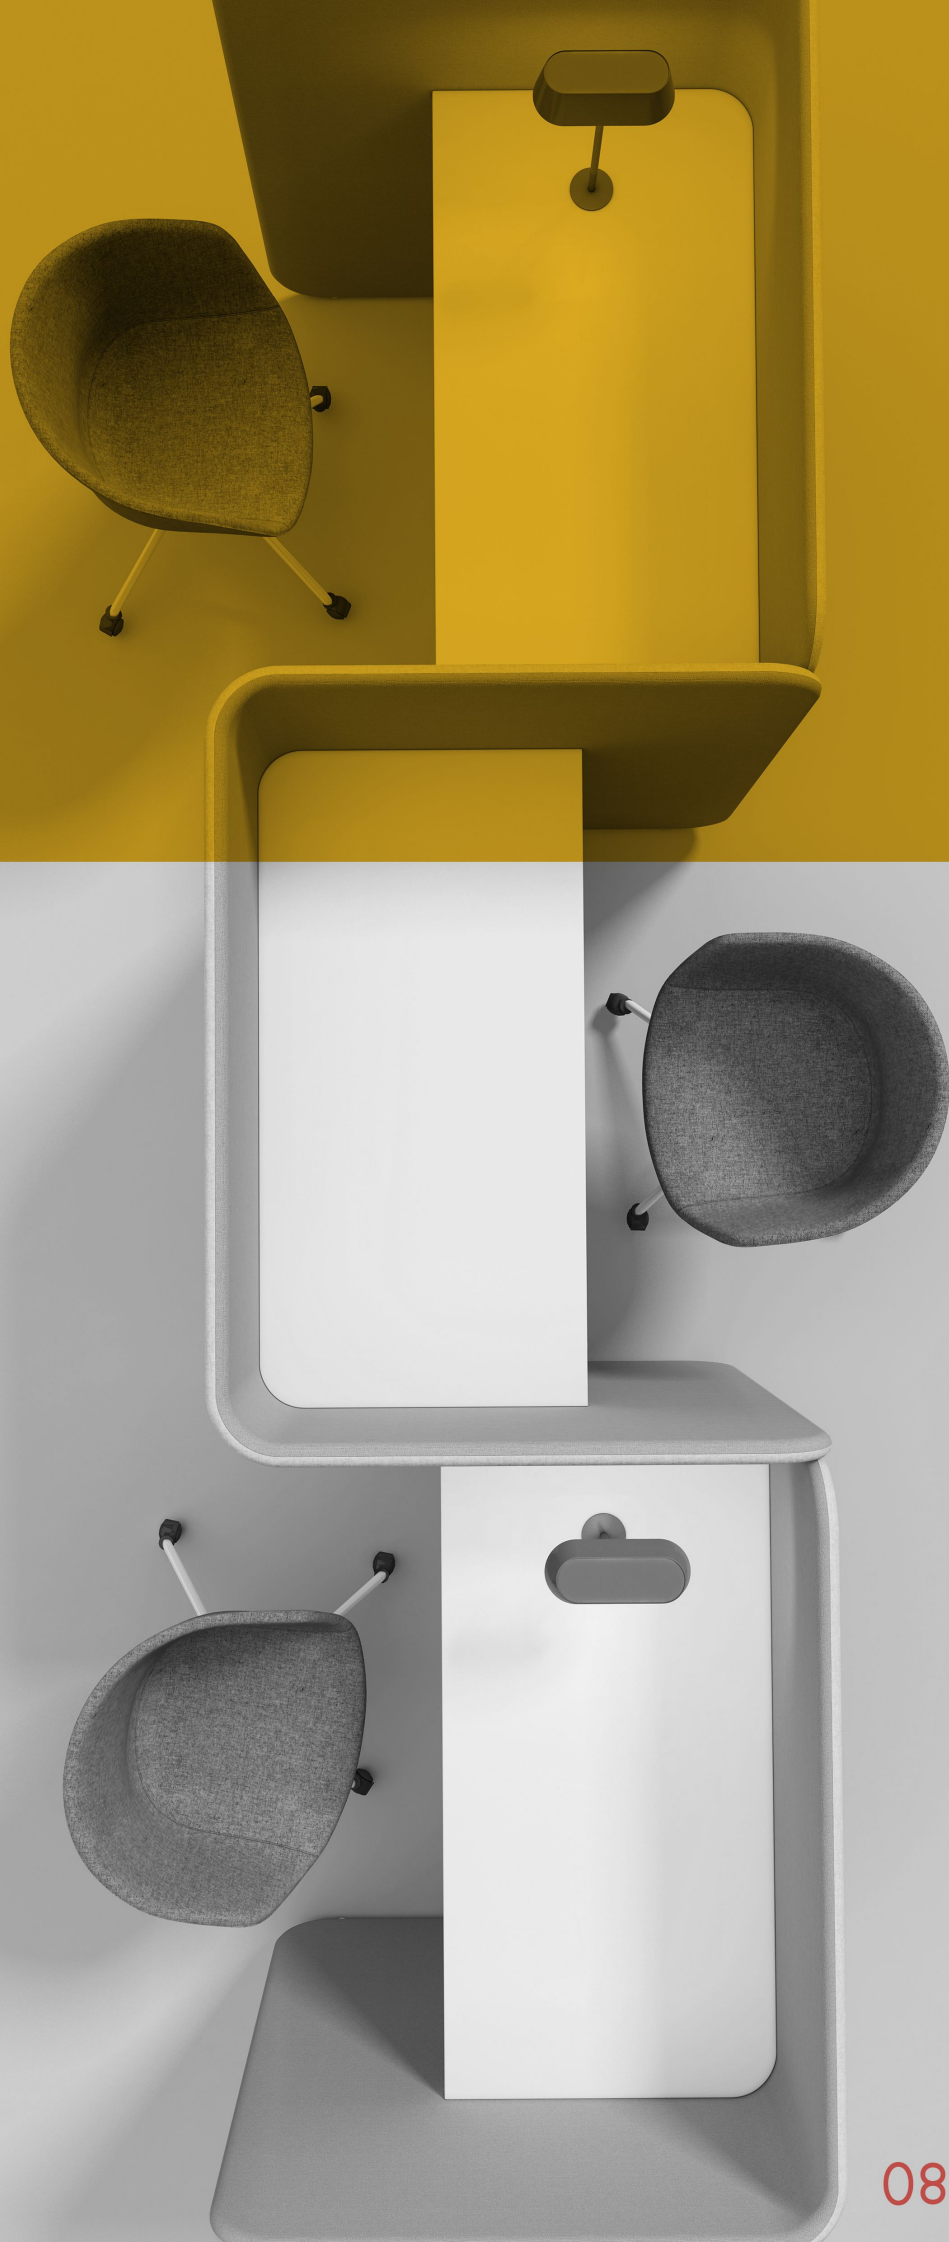

**Chip**

## Weev

Ensuring maximum comfort and privacy, Weev helps build an individual working space where you are **free** from visual and sound interference.

## Seville

Chic and classy Seville Coffee tables are ideal for any and all social activities. The modern structure ensures plenty of leg-room.

## Tiara

A Lounge Chair that expresses both openness and proximity, with its timeless curves and mild recline.

## Telly

Featuring a screen rack on wheels. Telly gives any corner or conference room the ease to hold impromptu meeting or brainstorming sessions.

## Manta Duo

Engulfing the concept of privacy while also carrying out a meeting, Manta Duo allows the creation of a zone within a zone.

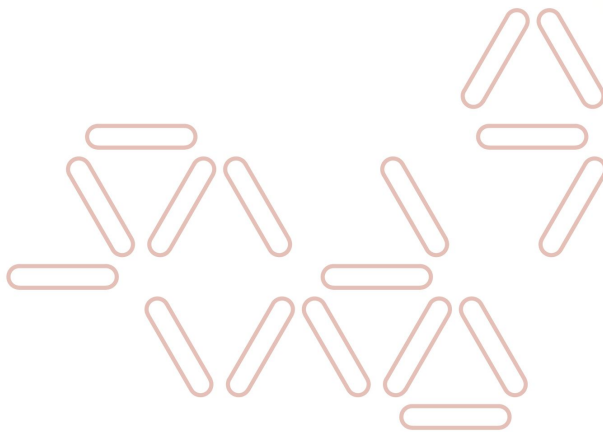

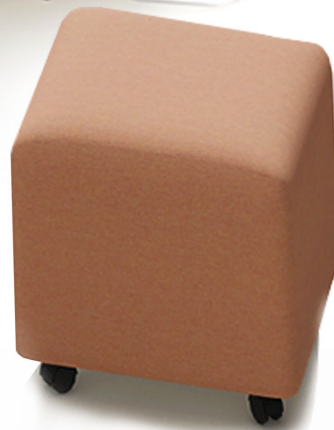

## Rosco

Deigned to provide lounge based workplaces with the comfort of your home, Rosco gives privacy without building walls.

## Cube

An ergonomic and user-friendly mobile pouf, that can be propped in any setting to incorporate the agile scenario.

Owing to its flexible nature, Agile Methodology grants more control to each user, whereby they can self-determine when, where and how they want to work.

## Jigsaw: Focus Pod

This sublime high-screened partition, with acoustic materials, enables you to truly focus on the task at hand, without external disturbances. Available with bonus add-on hooks to hold your accessories.

## Jigsau

Privacy and connectivity come together in an open floor plan.

## Seville Planter

Plants boost people's happiness, creativity and focus by adding a pop of fresh colour and nature to the work-space.

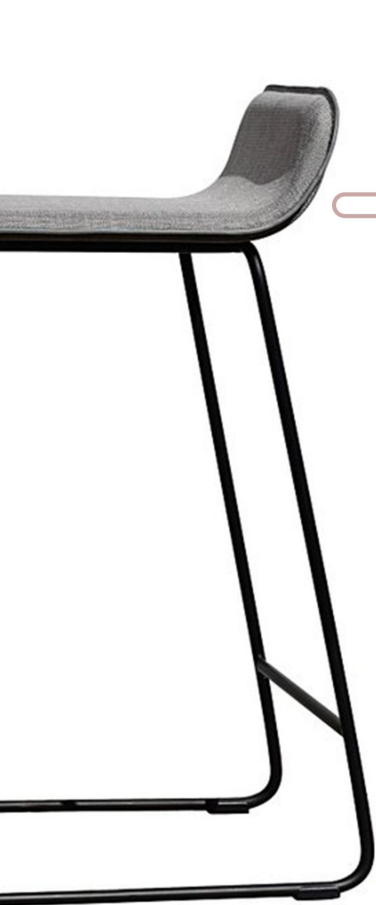

Mobile and adaptable  
elements enable better  
*flow* in spaces.

## Lofti Barstool

Presented in two heights, Lofti is both modern and versatile. Ideal for cafes, collab and breakout spaces, its sleek and ergonomic design makes it the perfect fit for all spaces.

## Flexi Partition

With unique noise-reducing properties, Flexi is the ultimate tool to create microcosms within macrocosms. Also, featuring an add-on white-board and shelf with hooks to hold your accessories.

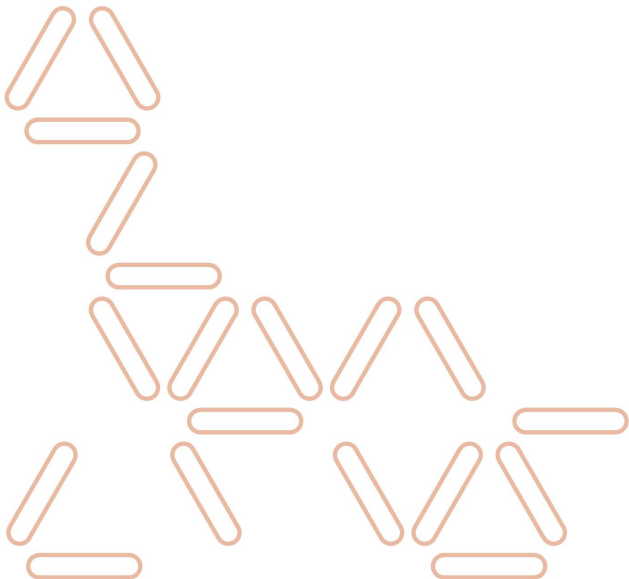

“The fundamental unit of work in an agile transformation is creating the environment for agile to be able to operate.”

-Mike Cottmeyer
